Disregard, it was a flight to Jacksonville that I never took. It must be from something else.

Angela,

I just discovered that they have charged my account for a flight to Savannah I did not take. When will that get removed?

Angela,

Sorry for all the delays, I've been working all but three days on the ITC tank farm fire response in Houston since 3/17. Not hating just stating.
See if the attached will work.

I will let you know if I am still having access to DTS issues. Angela had to enter the information originally.

Sir,

I have looked into your voucher, we have ZEROED out all expenses and are seeking to push the document through the approval process. This will allow us to Deobligate those funds and have your voucher closed out.

Please sign into DTS, go to the voucher tab, click "edit".

When in the document scroll to the bottom and click "continue" until you reach the final page.

Please sign this Document and we will handle it from there.

Thank you for your continued patience.

Very Respectfully,

PFC Hewes, Benjamin
